Impact	<p>With a gift of \$750, RTNCF can offer safety and security for a homeowner in need by providing a safe and accessible bathroom. A gift at this level allows RTNCF to modify high-side tubs to convert them to easy access showers, complete with grab bars, shower chairs, and detachable shower heads to ensure safe and easy access for an elderly or disabled homeowner.</p>	<p>At the \$1,500 level, RTNCF can increase the safety of a damaged flooring system for a homeowner in need. By replacing damaged floor decking and repairing joists as necessary, RTNCF can ensure a stable and safe floor system. In addition to repairing the structural floor, RTNCF often replaces carpeting with hard, smooth, easily cleanable surfaces to prevent allergies and breathing issues that homeowners often face as well as to reduce tripping hazards.</p>	<p>Leaks are the enemy of every home, and your \$3,000 gift can ensure a dry, safe home for a local homeowner. RTNCF can leverage your \$3,000 gift to replace all necessary roof decking, install waterproof underlayment, and re-shingle the ENTIRE roof of a homeowner suffering from an active leak. A proper roof structure is the first step toward a safe and healthy home, and one that RTNCF is happy to provide for our neighbors.</p>	<p>Adopt a home! At the \$5,000 level, your gift will support the full rehabilitation for a homeowner in need. This will likely include major roofing, flooring, accessibility, plumbing and/or electrical repairs as needed. Often, the needs of a homeowner exceed the repairs listed in the earlier categories. Home Sponsors support MULTIPLE repairs and modifications per home to ensure a safe and healthy environment for the residents.</p>	<p>Adopt two homes! At the \$10,000 level, your donation will support the full rehabilitation for two families in need. This will likely include major roofing, flooring, accessibility, plumbing and/or electrical repairs as needed. Often, the needs of a homeowner exceed the repairs listed in the earlier categories.
